Shannon Mann, 1st Lt, USMC

Our mission is simple...
we raise money and give
100% of it to the families of
the combat-wounded injured in
support of the Global War on Terrorism.
We can do no less for those who are
sacrificing so much for our great nation.

- **WE HELP OUR WOUNDED HEROES
- BY HELPING THEIR FAMILIES.**

Since 2005, the Families of the Wounded Fund has provided generous financial assistance, as well as emotional and practical information, to those families and caregivers who are at the bedsides of their severely wounded loved ones. Doctors and nurses say that the presence of a loved one dramatically improves recovery and contributes greatly to the healing process.

- **WE HELP THE FAMILIES OF ALL SERVICES
- FROM ALL 50 STATES.**

Our community-based mission is focused at the Hunter Holmes McGuire VA Medical Center, Fort Belvoir Community Hospital, Naval Medical Center Portsmouth, Hampton VA Medical Center, and Walter Reed National Military Medical Center. However, the impact is felt across the entire nation by military families representing all branches of the service. Family caregivers often travel far from home and stay for weeks and frequently months. They incur a variety of out-of-pocket expenses while the bills, in many cases, pile up back home. Our support enables many families to extend their stay at the bedside of their wounded loved one.

- **OUR HEROIC SERVICE MEMBERS GIVE 100%
- AND SO DO WE.**

Because of the generous support of First Citizens Bank, the Families of the Wounded Fund has no overhead expenses. With our dedicated volunteer Board of Directors, most of whom have served in the military, we are able to ensure that 100% of donations and net proceeds from our events are disbursed to these deserving families.

The Families of the Wounded Fund is registered with the Virginia Department of Consumer Affairs, and is a qualified 501(c)(3) charitable organization under the Internal Revenue Service since 2005.

As of September 11, 2024

more than 810 families served

with over \$5,750,000 in support

HELP US HELP THE HEALING

Two Families' Stories of Sacrifice and Perseverance

While deployed to Afghanistan, USMC Sergeant Joe Anderson was injured in multiple mortar attacks. He sustained trauma to his neck, spine and both legs. Exposure to improvised explosive devices (IEDs) resulted in traumatic brain injury and many months of medical treatment. Throughout his many hospitalizations, Joe's wife, Megan, has been by his side during this long and complicated recovery process. Families of the Wounded Fund met Megan and Joe while he was receiving medical treatment at the McGuire and Hampton VA Medical Centers in Virginia. The Fund has been able to assist the Anderson family while they continue with his rehabilitation and recovery.

Army Major Ryan Vangel is a Green Beret and has served his country for more than eighteen (18) years. While on combat deployments in the Global War on Terror, MAJ Vangel was exposed to multiple rocket, mortar attacks and IEDs. During a parachute jump, he sustained a spinal fracture and a life threatening cardiac emergency requiring several years of intensive medical care followed with complex orthopedic and cardiac rehabilitation. Families of the Wounded Fund met Mary and Ryan at Fort Belvoir Community Hospital where he continues to receive medical follow-up. Rather than elect medical retirement, MAJ Vangel has chosen to return to duty and continue to serve his country on active duty.

Please make all checks Payable to:
 Families of the Wounded Fund, Inc.
 P.O. Box 5327
 Midlothian, VA 23112-0023
 Phone: (804) 763-1358

YES! I would like to make a tax deduction eligible donation to the Families of the Wounded Fund, Inc.
